3023-21

This event is scheduled in a virtual, live-streaming webinar format. To meet the regulatory and education requirements, participants must stay for the entire event to receive credit. The program will NOT be recorded, so you MUST attend on the day the event is scheduled. Contact [Amy Huisman](#) for details or questions.

Overview

New and veteran Iowa nursing home staff have indicated they need more opportunity to examine best practices for improving assessments and developing comprehensive care planning that ensures the health and well-being of their residents. This workshop, designed for the entire interdisciplinary team, will provide a comprehensive review for each of the 20 **Care Area Assessments (CAAs)**, which establish the framework for developing, reviewing, and revising residents' comprehensive plans of care. Examples will be provided for each of the CAAs, and attendees will participate in a number of documentation exercises.

If you are looking for ways to simplify and individualize the care planning process and develop a functional resident-centered plan that ensures the best possible care for residents in your community, don't miss this opportunity!

Objectives

- Review the necessary components of a comprehensive assessment.
- Outline procedures to follow in conducting the assessment.
- Develop a decision-making process for when or when not to proceed to care planning.
- Identify specific protocols to follow in documenting the assessment comprehensively.
- List steps to resident-centered care planning.

Who Should Attend

It is recommended that ALL disciplines (Nursing, Social Services, Activities, Dietary, Administration) attend this class as there are interdisciplinary overlaps for all assessments. In addition, all staff will benefit from better understanding how to conduct comprehensive assessments. Appropriate for SNF programs.

Faculty

Demetria (Demi) Haffenreffer, RN, MBA, President, Haffenreffer & Associates

Demi has made long-term care her profession since 1973, first as a director of nursing and for the last 25 years as a consultant. She is a past director and vice-president of the Oregon Health Care Association and has served as president of the Oregon Long-Term Nurses Association. She has been serving as a member of the American Healthcare Association (AHCA) Quality Improvement Committee since 2003. She has served as a Master Examiner on the Board of Examiners for the AHCA's Quality Improvement Award, an award granted to the top performing facilities in the Nation.

Demi is known as a dynamic and interesting presenter. Her thorough knowledge of the regulations combined with her extensive hands-on experience provide for practical, everyday solutions to the challenges facing the care giver and facility. She has taught workshops nationally and internationally on a variety of subjects pertinent to long-term and community-based care, has authored numerous policy and procedure manuals, and has published articles in Provider Magazine. She has been a guest speaker for state and national health care organizations. Her depth of knowledge, breadth of experience and her communication skills have made her a sought after resource and advocate for facilities facing regulatory disputes, as well as for expert review and testimony for attorneys facing litigation in the Pacific Northwest and nationwide.
