Survey Preparedness

LAI is pleased to offer on-site or virtual survey preparedness options.

- Survey task completion and feedback which may include but is not limited to infection control, dietary, activities, resident council/individual interviews, employee file review, resident record reviews (including closed records), medication administration and storage, plus much more!
- Life Safety Code policy and documentation review.

Survey preparedness will include on-site or virtual visit and task completion including feedback and suggested strategies to improve potential areas of concern.

Since survey preparedness takes time to complete and improve potential areas of concern, members are encouraged to utilize this benefit well in advance of their anticipated on-site survey.

LAI Member Pricing
