

Kahoot!

To Get Started:

- Each participant must log on via your phone, tablet, or computer at www.kahoot.it or download the kahoot app. LAI recommends opening a browser on a smart phone and log on to the above link to have the best game experience.
- You will be brought to a Kahoot! Landing page with the option to enter a game pin. You will enter the PIN number provided by the LAI staff host (1).

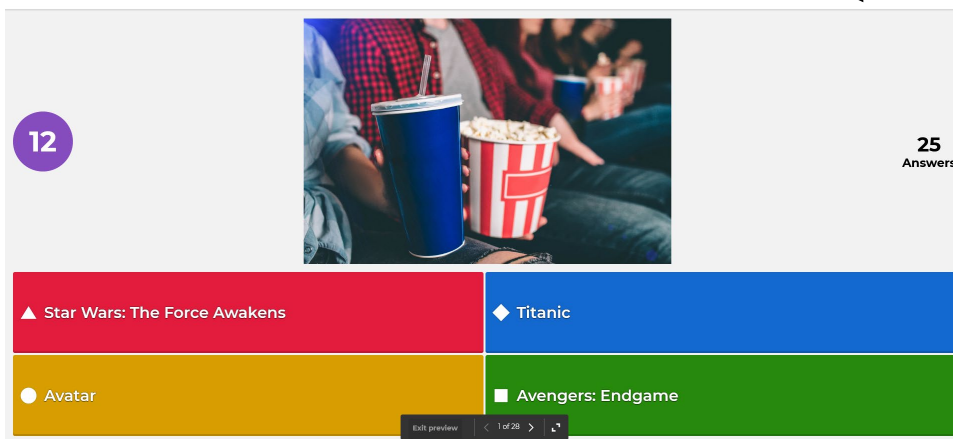

- You will be asked to provide a nickname for the event. Please have fun with the name but realize that the name will be viewed by all the participants of the game.
- Wait for the game to begin.

How To Play:

- Kahoot! is an online trivia platform that allows for fun, unique trivia to be created and played via the virtual platform.
- The host will begin the game once all participants have joined.
- Once the game begins, a timed question will appear on the screen (2). You will have a set number of seconds to answer the question on whichever device you have used to play the game.

What is the highest grossing movie of all time, not counting for inflation?

- There are multiple ways you will be asked to answer question:
 - Multiple Choice: On the host screen you will see the question and four corresponding answers with different colors (3). On the device you are using, you will select the answer via the corresponding color selection.

- True or False: Answer on your device with either blue for True or red for False.
 - Fill in the Blank: Type in a one-word answer for the question.
 - Quiz: A few questions will ask you to put answers in a specific order on your device. Put the colored boxes in the order as described on the host screen.
-
- The faster you correctly answer the question, the more points you receive.
 - The participant with the most points at the end of the game will receive the title of “LeadingAge Iowa Trivia Master!” and win the top prize of a \$250 Amazon gift card.
