

An opportunity to learn more about yourself in order to be a better leader for your organization.

Why starts with You

Overview

The LeadingAge Iowa Leadership Academy is a self-reflective journey, preparing new and seasoned leaders to better understand their leadership strengths and take their leadership to another level. Throughout the journey, authentic transformational leadership will be explored. The resources shared during the summits are thought provoking and ones that can be shared with fellow organizations.

The four summits (February, April, June, and August) will provide a unique path to your leadership development.

The adventure will begin with a custom 360-degree leadership evaluation. At the end of the Academy, fellows will complete the 360 evaluation again to show how they have evolved during the 2023 LeadingAge Iowa Leadership Academy.
